The Grants Committee of the NCCF (North Carolina Community Foundation) has approved a \$10,000.00 grant to assist the victims of Hurricane Matthew in Hyde County. This grant is specifically donor generated and is only for Hyde County. The grant will focus on the unmet needs of these victims.

The NCCF Grants Committee will continue to assess needs and funding opportunities in the coming weeks and months in order to make the most strategic decisions and most effective use of any additional funds that are raised.

The NCCF will work closely with the board as information is gathered for the grant-making discussions and decision-making.

Eligible nonprofit organizations will not be required to complete an application form. However, supporting documentation will be required. This will include; why they were selected to receive funding, what critical, unmet need the funds will be used for, who will benefit from it, and what sources support this recommendation.

Grantees will be asked to report on the numbers of individuals/households that were impacted by their grant and how the funding was used: Food/Food supplies, prescriptions/medical supplies (not covered by insurance), emergency shelter, rental assistance/mortgage payments, utility payments, cash assistance, clean-up of the disaster. This report will be due 6 months after the grant is received.

Grant approval must be 100% board approved. The deadline for the board to make your grant decisions is by the end of this calendar year, December 31, 2016.
